SUMMARY OF THE PLAN AND DISTRIBUTIONS TO CREDITORS

I. Overview of Go-Forward Operations

As outlined in more detail below, the Debtors have reached an agreement with a third-party to provide staffing and management services. It is the intention that the third-party entity will house the employees of the Debtors and fund the operating expenses related to said employees, including, but not limited to, employee payroll. The third-party has agreed to fund these employee-related operating expenses and then issue monthly invoices to the Debtors for said operating expenses. Through this arrangement, the Debtors anticipate significantly increasing their current operational capacities thereby generating the increased go-forward revenue which will be utilized, in part, to fund the Plan payments to Creditors outlined herein.

As also outlined below, it is the Debtors' intention to effectuate their substantive consolidation, for distribution purposes only, via confirmation of the Plan.

II. Proposed Treatment of Creditors

Allowed Administrative Claims, Priority Tax Claims, and Claims in Class 1, 2(a)-(c), 3, 4, 5, 6, 7, 8, and 9 to be treated in accordance with Article 2, Sections 2.1 and 2.2.

ARTICLE 1 <u>HISTORY OF THE BUSINESS OPERATIONS OF THE DEBTOR</u>

1.1. Nature of the Debtors' Business

The Debtors operate an emergency and non-emergency medical services and ambulance transportation business in the Northern New Jersey area. The Debtors' services include, among other things: (i) non-emergency medical transportation for patients to/from healthcare facilities, hospitals, and residential homes, on both a recurring or one-time basis, (ii) emergency medical services and transportation, and (iii) onsite medical support solutions and care for public and special events.

1.2. History of Business Operations of the Debtor

NJ Mobile Health Care LLC ("NJMHC") was formed in 2014 and has since been serving the communities of the northern New Jersey area. NJMHC is licensed by the New Jersey Department of Health Office of Emergency Medical Services to serve as an emergency medical services provider at both the Basic Life Support (BLS) and Specialty Care Transfer Unit (SCTU) level. Over the years, NJMHC has provided both emergency and non-emergency ambulance services to both its contracted and "call for service" partners, including both healthcare facilities and municipalities.

1.3 Filing of the Debtors' Chapter 11 Cases

On June 20, 2024, each of the Debtors filed voluntary petitions for relief under the Bankruptcy Code. Each of the Debtors' Chapter 11 cases are pending in the United States Bankruptcy Court in Newark, New Jersey (each of the Debtors' Chapter 11 cases collectively, the "Chapter 11 Cases").

1.4. Legal Structure and Ownership

NJMHC is owed ninety-nine percent (99%) in part by NJ EMS Ventures LLC and one percent (1%) in part by NJ Emergencies Made Simple, LLC.

Lime Line Operations LLC ("<u>Lime Line</u>") is owed ninety-nine percent (99%) in part by Louis V. Greco, III and one percent (1%) in part by 160 17th Street, LLC.

SSME Services LLC ("<u>SSME</u>" and together with NJMHC and Lime Line, the "<u>Debtors</u>") is owed ninety-nine percent (99%) in part by Louis V. Greco, III and one percent (1%) in part by 160 17th Street, LLC.

1.5. <u>Debtors' Assets</u>

Attached hereto as **Exhibit "A"** are the Debtors' projections, which include a consolidated list of the Debtors' assets.

1.6. <u>Debtors' Liabilities</u>

See Exhibit "A" attached hereto for a consolidated list of the Debtors' liabilities.

1.7. Current and Historical Financial Conditions

NJMHC originated in 2014 to provide emergency and non-emergency ambulance services to the communities of Northern New Jersey. Since then, NJMHC evolved into one of the prominent ambulance service providers in Northern New Jersey. As time has passed, NJMHC has expanded its range of services beyond its primary emergency and non-emergency ambulance services to include both training and educational services, including both in-service employee training and external training to emergency medical technicians (EMTs) and other first responders. Unfortunately, the residual impact of the COVID-19 Pandemic, industry headwinds, and certain issues with third-party billing providers has led to significant downsizing of the Debtors' operations causing a significant decrease in the Debtors' ability to generate revenue in the lead up to and following commencement of these Chapter 11 Cases.

1.8. Events Leading to the Filing of the Bankruptcy Case

Several significant contributing factors have impacted the Debtors' financial condition. As indicated, the residual impact and challenges posed by the COVID-19 Pandemic have led to a detrimental impact on the Debtors' operations, including both an increase in cost and decrease in

availability of medical supplies and automotive parts as well as an increased capital costs of obtaining new equipment and vehicles to meet increased "call-for service" demand. In addition to increased operating costs, the Debtors have also had to contend with fluctuating and generally diminishing reimbursement and collection rates on the receivables generated by the jobs that have been serviced.

As billing and collection of receivables in the medical industry is a generally complicated endeavor, the Debtors have historically outsourced the logistics of receivable collections to third-party billing companies. In or around October of 2021 the Debtors terminated the relationship with their longstanding third-party billing company. The Debtors' transition from that third-party billing provider to their current third-party billing provider stretched over a longer period of time than anticipated and had a significantly detrimental impact on the Debtors' operations, including a significant decline in the Debtors ability to fully realize on the receivables generated by their operations.

1.9. Significant Events During the Bankruptcy Case

On June 27, 2024, Mark Politan was appointed the Subchapter V Trustee in the Debtors' Chapter 11 Bankruptcy Cases.

On August 9, 2024, the Court entered an order directing the Joint Administration of the Debtors' Chapter 11 Cases.

On August 13, 2024, Joseph Tomaino was appointed as the Patient Care Ombudsman.

On September 18, 2024, the Debtors filed their *Small Business Debtors' Plan of Reorganization* [Docket No. 56]. On November 15, 2024, the Debtors filed their *Small Business Debtors' First Amended Plan of Reorganization* [Docket No. 89].

Since filing the Chapter 11 Cases, the Debtors have undertaken a recalibration of their operations in an attempt to begin re-deploying their ambulances in response to calls from their municipal partners and other "call-for-service" partners. This recalibration has enabled the Debtors to begin servicing the ambulance calls received, as opposed to simply referring said calls to friendly competitors, which the Debtors have been doing on a post-petition basis to maintain their key municipal and "call-for-service" relationships. To that end, the Debtors have recently restarted their operations and are currently running one (1) unit on a daily twelve (12) hour shift. The Debtors anticipate increasing service commencing with the Effective Date of the Plan.

Simultaneously, the Debtors have been exploring potential infusions of capital from third parties, whether by a potential sale of the Debtors' operating assets or via post-petition debtor-in-possession financing. As further outlined below, these discussions have led to an agreement between NJMHC and Tri-State Medical ("<u>Tri-State</u>") by which Tri-State will be providing NHMJC with staffing and management services which will enable NJMHC to further expand and redeploy its operations, thereby generating the increased revenue that will be utilized to fund the Plan as outlined herein.

The Debtors have also been exploring various options in connection with the sale of certain of their vehicles in an effort to raise additional post-petition working capital that will provide additional funding for the Debtors' operations under the Plan. To that end, the Debtors previously filed two motions to sell certain surplus ambulances, which motions were subsequently granted by the Court. *See* Docket Nos. 82, 83, 90, 91, 97, 108.

1.10. Projected Recovery of Avoidable Transfers

The Debtors do not believe there are any viable preference, fraudulent conveyance, or other avoidance actions to be pursued under the Plan.

ARTICLE 2

THE PLAN

The Debtors' Plan must describe how their Creditors will be paid. Certain Claims are entitled to specific treatment under the Bankruptcy Code and are not placed in a class for purpose of payment. For example, Administrative Expenses and Priority Tax Claims are not classified.

As required by the Code, the Plan places Claims and Equity Interests in various classes and describes the treatment each class will receive. The Plan also states whether each class of Claims or Equity Interests is impaired or unimpaired. A Claim or Equity Interest can be impaired if the Plan alters the legal, equitable or contractual rights to which the Claimants are otherwise entitled. If the Plan is confirmed, each Creditor's recovery is limited to the amount provided in the Plan.

Only Creditors in classes that are impaired may vote on whether to accept or reject the Plan, and only Creditors holding Allowed Claims may vote. A class accepts the Plan when more than one-half (1/2) in number and at least two-thirds (2/3) in dollar amount of the Allowed Claims that actually vote, vote in favor of the Plan. Also, a class of Equity Interest holders accepts the Plan when at least two-thirds (2/3) in amount of the allowed Equity Interest holders that actually vote, vote in favor of the Plan. A class that is not impaired is deemed to accept the Plan.

2.1. Unclassified Claims

Certain types of Claims are automatically entitled to specific treatment under the Code. For example, Administrative Expenses and Priority Tax Claims are not classified. They are not considered impaired, and holders of such Claims do not vote on the Plan. They may, however, object if, in their view, their treatment under the Plan does not comply with that required by the Code. As such, the Plan does not place the following Claims in any class:

A. Administrative Expenses

The Debtors must pay all Administrative Expenses in full. If an Administrative Expense is disputed, the Bankruptcy Court must determine the validity and amount of the Administrative Expense, or in other words, "allow" the Administrative Expense. Any Administrative Expense that is undisputed and is due and owing on the Confirmation Date must be paid in accordance with this

Plan, or upon such other terms as agreed upon by the Debtor and the Administrative Claimant or court order. If the Administrative Expense is disputed, payment will be made after the Administrative Expense is allowed by the Bankruptcy Court.

There are several types of Administrative Expenses, including the following:

- 1. If the Debtors trade in the ordinary course of business following filing of the Chapter 11 Cases, Creditors are entitled to be paid in full for the goods or services provided. This ordinary trade debt incurred by the Debtors after the Petition Date will be paid on an ongoing basis in accordance with the ordinary business practices and terms between the Debtors and their trade Creditors.
- 2. If the Debtors received goods they had purchased in the ordinary course of business within 20 days before the Petition Dates, the value of the goods received is an Administrative Expense.
- 3. Administrative Expenses also include any post-petition fees and expenses allowed to professionals, including the allowed claim of the Trustee for fees and/or reimbursements, and for attorneys and accountants employed upon Bankruptcy Court authority to render services to the Debtors during the course of the Chapter 11 Cases. These fees and expenses must be noticed to Creditors and approved by the Bankruptcy Court prior to payment.

The following chart lists the Debtors' estimated Administrative Expenses, and their proposed treatment under the Plan:

B. Priority Tax Claims

Priority Tax Claims are unsecured income, employment, and other taxes described by § 507(a)(8) of the Code. Unless the holder of such a § 507(a)(8) Priority Tax Claim agrees otherwise, it must receive the present value of such Claim in regular installments paid over a period not exceeding 5 years from the order of relief.

Each holder of a Priority Tax Claim will be paid as set forth in the chart below:

2.2 <u>Classes of Claims and Equity Interests</u>

The following are the classes set forth in the Plan, and the proposed treatment that they will receive under the Plan:

A. Classes of Secured Claims

Allowed Secured Claims are Claims secured by property of the Debtors' bankruptcy estate (or that are subject to setoff) to the extent allowed as secured Claims under § 506 of the Code. If the value of the collateral or setoffs securing the Creditor's Claim is less than the amount of the Creditor's Allowed Claim, the deficiency will be classified as a general unsecured Claim. In addition, certain claims secured only by the debtor's principal residence, may require different treatment pursuant to § 1190(3) of the Code as set forth below, if applicable.

The following chart lists all classes containing the Debtors' secured prepetition Claims and their proposed treatment under the Plan:

B. Classes of Priority Unsecured Claims

Certain priority Claims that are referred to in §§ 507(a)(1), (4), (5), (6), and (7) of the Code are required to be placed in classes. The Code requires that each holder of such a Claim receive cash on the Effective Date of the Plan equal to the allowed amount of such Claim. However, a class of holders of such Claims may vote to accept different treatment.

The following chart lists all classes containing Claims under §§ 507(a)(1), (4), (5), (6), and (a)(7) of the Code and their proposed treatment under the Plan:

Class #	Description	Impairment	Treatment

C. Classes of General Unsecured Claims

General unsecured Claims are not secured by property of the estate and are not entitled to priority under § 507(a) of the Code.

The following chart identifies the Plan's proposed treatment of Classes 6 through 7, which contain general unsecured claims against the Debtors:

Class #	Description	Impairment	Treatment

Such applicable quarterly payments are to be to be paid from the disposable income from the Debtors' operations and funded on the final business day of each applicable calendar quarter. The Debtors project that pro rata distributions to holders of Allowed Class 9 Claims will total approximately 10-100% of each holder's respective Allowed Claim.

D. Class of Equity Interest Holders

Equity Interest holders are parties who hold an ownership interest (i.e., equity interest) in the Debtors. In a corporation, entities holding preferred or common stock are Equity Interest holders. In a partnership, Equity Interest holders include both general and limited partners. In a limited liability company ("LLC"), the Equity Interest holders are the members. Finally, with respect to an individual who is a debtor, the debtor is the Equity Interest holder.

The following chart sets forth the Plan's proposed treatment of the class of Equity Interest holders:

Class #	Description	Impairment	Treatment
Class 10	Equity Interest Holders	Impaired	Will retain interest but will not receive any payment.

2.3 Estimated Number and Amount of Claims Objections

The Debtors may object to the amount or validity of any Claim within 60 days of the Confirmation Date by filing an objection with the Bankruptcy Court and serving a copy of the objection on the holder of the Claim. The Claim objected to will be treated as a Disputed Claim under the Plan. If and when a Disputed Claim is finally resolved by the allowance of the Claim in whole or in part, the Debtor will pay the Allowed Claim in accordance with the Plan.

The Debtors are currently in the process of reviewing the claims filed in these Chapter 11 Cases and reconciling the amounts contained therein as against their respective books and records. Once said review has been completed, the Debtors will make a final determination as to whether they will be objecting to certain of their Creditors' filed claims.

2.4 Treatment of Executory Contracts and Unexpired Leases

Executory Contracts are contracts where significant performance of the contract remains for both the Debtors and another party to the contract. The Debtors have the right to reject, assume (i.e. accept), or assume and assign these types of contracts to another party, subject to the Bankruptcy Court's approval. The paragraphs below explain the Debtors' intentions regarding its Executory Contracts (which includes its unexpired leases) and the impact such intentions would have on the other parties to the contracts.

[X] Assumption of Executory Contracts.

The Executory Contracts shown on **Exhibit "B"** shall be assumed by NJMHC. Assumption means that NJMHC has elected to continue to perform the obligations under such contracts and unexpired leases, and to cure defaults of the type that must be cured under the Bankruptcy Code, if any. Executory Contracts not explicitly included in **Exhibit "B"** are deemed rejected. Parties to rejected Executory Contracts shall have until thirty (30) days after the entry of an order confirming this Plan to file a claim for any rejection damages.

If you object to the assumption of your unexpired lease or executory contract, the proposed cure of any defaults, or the adequacy of assurance of future performance, you must file and serve your objection to the assumption within the deadline for objecting to the confirmation of the Plan, unless the Bankruptcy Court has set an earlier time.

A. Real Estate Lease Agreement with Zohar Zisapel Properties, Inc.

As it relates to the Real Estate Lease Agreement (the "Lease") by and between NJMHC and Zohar Zisapel Properties, Inc. ("Zohar"), NJMHC and Zohar have agreed that in connection with NJMHC's assumption of the Lease Agreement, NJMHC will make eleven (11) equal monthly payments to Zohar of \$1,250 for a total amount of \$13,750 in connection with payment of the prepetition arrearage due and owing to Zohar. Such monthly payments are to begin on April 1, 2025. As required under the Bankruptcy Code, NJMHC will ensure that all post-petition rent accrued during these Chapter 11 Cases is current as of the Effective Date of the Plan.

2.5 Means for Implementation of the Plan

The Debtors have reached an agreement with Tri-State whereby Tri-State will be providing staffing and management services to the Debtors. Specifically, Tri-State will be the entity which will house employees and fund the operating expenses related to said employees, including, but not limited to, employee payroll. Tri-State will fund these employee-related operating expenses and then issue monthly invoices to the Debtors which will be payable on sixty (60) day terms. The Debtors anticipate that through this arrangement with Tri-State, they will be able to recall approximately thirty (30) employees and increase operations from one (1) unit operating a daily twelve (12) hour shift to two (2) units operating daily twenty-four (24) hour shifts. Such increased operations will enable the Debtors to recapture the jobs being called in by their municipal and "call

for service" partners thereby significantly increasing revenue generated. This increased revenue will be utilized to fund the payments outlined under the Plan. A copy of the agreement with Tri-State is attached hereto as **Exhibit "D"**.

On Confirmation of the Plan, all property of the Debtors, tangible and intangible, including, without limitation, licenses, furniture, fixtures and equipment, will revert, free and clear of all Claims and Equitable Interests except as provided in the Plan, to the Debtors. The Debtors expect to have sufficient cash on hand to make the payments required on the Effective Date.

The respective Mangers of the Debtors immediately prior to the Effective Date shall serve as the initial Managers of the Reorganized Debtors on and after the Effective Date. Each Manager shall serve in accordance with applicable non-bankruptcy law and the Debtors' respective operating agreements, as each of the same may be amended from time to time.

2.6 Substantive Consolidation for Plan Distribution Purposes Only

On the Effective Date: (a) all Assets (and all proceeds thereof) and liabilities of each Debtor shall be treated as if merged into and with the Assets and liabilities of the other Debtors, (b) no Distributions shall be made under the Plan on account of intercompany Claims among the Debtors and all such Claims shall be eliminated, (c) all guarantees of the Debtors of the obligations of any other Debtors shall be deemed eliminated and extinguished so that any Claim against any Debtor and guarantee thereof executed by any other Debtor and any joint and several liability of any of the Debtors shall be deemed to be one obligation of the consolidated Debtors, (d) each and every Claim filed or to be filed against any Debtor shall be filed against the consolidated Debtors, and shall be deemed one Claim against and obligation of the consolidated Debtors, and (e) for purposes of determining the availability of the right of setoff under section 553 of the Bankruptcy Code, the Debtors shall be treated as one entity so that, subject to the other provisions of section 553 of the Bankruptcy Code, debts due to any of the Debtors may be set off against the debts of the other Debtors. As indicated, such substantive consolidation shall not (other than for Plan distribution purposes) affect the legal and corporate structures of the Debtors. Entry of the Confirmation Order shall constitute the approval, pursuant to section 105(a) of the Bankruptcy Code, effective as of the Effective Date, of the substantive consolidation of the Debtors for Plan distribution purposes only.

2.7 <u>Duties and Rights of the Disbursing Agent; Distributions and Unclaimed Payments</u>

Unless otherwise ordered by a Final Order of the Bankruptcy Court or otherwise provided in this Plan, the "<u>Disbursing Agent</u>" shall be the Reorganized Debtor, specifically, NJMHC. The Disbursing Agent shall make and effectuate all distributions required under the Plan.

The Disbursing Agent shall not be liable to any creditor or any other person, firm, or corporation, for any error of judgment or for any mistake of law or fact or any act done, caused to be done, or omitted to be done, by the Disbursing Agent or any of its agents, representatives, or attorneys. The Disbursing Agent shall be liable only for acts of willful misconduct, gross negligence, or breach of fiduciary duty by itself or such agents.

Distributions to holders of Allowed Claims shall be sent to their last known address set forth on a proof of claim filed with the Bankruptcy Court or if no proof of claim is filed, on the Schedules, or to such other address as may be designated by such Creditor in writing to the Debtors. A payment is to be deemed unclaimed if the payment on the distribution is not negotiated by the particular claimholder within 120 days of it being sent by the Disbursing Agent.

At the expiration of the 120 days, the Disbursing Agent shall make reasonable efforts to provide notice to the claimholder that such claimholder's distribution is unclaimed or unnegotiated. If after thirty (30) days such distribution remains unclaimed or unnegotiated, then and in that event such holders Claim shall thereupon be deemed canceled and any such holder shall not be entitled to any payments under the Plan, and such unclaimed distributions shall be returned to and retained by the Debtors.

2.8 Post-Confirmation Management

The Post-Confirmation Managers of the Debtors, and their compensation, shall be as follows:

Name	Position	Compensation
Louis V. Greco, III	Manager of the Debtors	$$54,275.00^2$

2.9 <u>Tax Consequences of the Plan</u>

Creditors and Equity Interest Holders Concerned with How the Plan May Affect Their Tax Liability Should Consult with Their Own Accountants, Attorneys, And/Or Advisors.

The following are the anticipated tax consequences of the Plan: Creditors should consult their own accountants, attorneys, and/or financial advisors regarding any tax consequences resulting from the discharge of any or all money owed to them by the Debtors.

2.10 Projections in Support of Debtors' Ability to Make Payments Under the Proposed Plan

Debtors have provided projected financial information. Those projections are listed in **Exhibit "A"**.

ARTICLE 3 FEASIBILITY OF PLAN

The Bankruptcy Court must find that confirmation of the Plan is not likely to be followed by the liquidation, or the need for further financial reorganization, of the Debtors or any successor to the Debtors, unless such liquidation or reorganization is proposed in the Plan.

3.1. Ability to Initially Fund Plan

² Mr. Greco's salary increases to \$82,875.00 three years after the Effective Date; it increases to \$85,361.00 four years after the Effective Date; and it increases to \$87,725.00 five years after the Effective Date.

The Debtors believe that they will have enough cash on hand on the Effective Date of the Plan to pay all the Claims and expenses that are entitled to be paid on that date. The amount of such cash on hand on the Effective Date of the Plan, and the sources of that cash, are included in the Debtors' projections attached hereto as **Exhibit "A"**.

3.2. <u>Ability to Make Future Plan Payments and Operate Without Further</u> Reorganization

The Debtors must submit all or such portion of the future earnings or other future income of the Debtors to the supervision and control of the Trustee as is necessary for the execution of the Plan.

The Debtors have provided projected financial information. Those projections are listed in **Exhibit "A"** (referenced in § 2.10, above).

The Debtors' financial projections show that the Debtors will have an aggregate annual average cash flow, after paying operating expenses and post-confirmation taxes sufficient to pay creditors' claims over the life of the Plan. The final Plan payment is expected to be paid in 2029.

You Should Consult with Your own Accountant or other Financial Advisor If You Have Any Questions Pertaining to These Projections.

ARTICLE 4 LIQUIDATION ANALYSIS.

To confirm the Plan, the Bankruptcy Court must find that all Creditors and Equity Interest holders who do not accept the Plan will receive at least as much under the Plan as such Claimants and Equity Interest holders would receive in a Chapter 7 liquidation. A liquidation analysis is attached hereto as **Exhibit "C"**.

ARTICLE 5 DISCHARGE

<u>Discharge</u>. If the Plan is confirmed under § 1191(a), on the Confirmation Date of this Plan, the Debtors will be discharged from any debt that arose before confirmation of this Plan, subject to the occurrence of the Effective Date, to the extent specified in § 1141(d) of the Bankruptcy Code; or

If the Plan is confirmed under § 1191(b), as soon as practicable after completion by the Debtors of all payments due under the Plan, unless the court approves a written waiver of discharge executed by the Debtors after the order for relief under this chapter, the court shall grant the Debtors a discharge of all debts provided in section 1141(d)(1)(A) of this title, and all other debts allowed under section 503 of this title and provided for in this Plan, except any debt —

(1) on which the last payment is due after the first 3 years of the plan, or such other time not to exceed 5 years fixed by the court; or

(2) if applicable, of the kind specified in section 523(a) of this title.

ARTICLE 6 GENERAL PROVISIONS

6.1. Title to Assets

6.4. Retention of Jurisdiction by the Bankruptcy Court

The Bankruptcy Court shall retain jurisdiction over the Chapter 11 Cases with regard to the following matters: (i) to make such orders as are necessary or appropriate to implement the provisions of this Plan and to resolve any disputes arising from implementation of the Plan; (ii) to rule on any modification of the Plan proposed under section 1193; (iii) to hear and allow all applications for compensation to professionals and other Administrative Expenses; (iv) to resolve all issues regarding Claims objections, and issues arising from the assumption/rejection of executory contracts or unexpired leases, and (v) to adjudicate any cause of action which may exist in favor of the Debtors, including preference and fraudulent transfer causes of action.

6.5. Captions

The headings contained in this Plan are for convenience of reference only and do not affect the meaning or interpretation of this Plan.

6.6. Modification of Plan.

The Debtors may modify the Plan at any time before confirmation of the Plan pursuant to § 1193(a). However, the Bankruptcy Court may require additional items including revoting on the Plan.

If the Plan is confirmed under Section 1191(a), the Debtors may also seek to modify the Plan at any time after confirmation only if (1) the Plan has not been substantially consummated and (2) the Bankruptcy Court authorizes the proposed modifications after notice and a hearing.

If the Plan is confirmed under Section 1191(b), the Debtors may seek to modify the Plan at any time only if (1) it is within 3 years of the Confirmation Date, or such longer time not to exceed 5 years, as fixed by the court and (2) the Bankruptcy Court authorizes the proposed modifications after notice and a hearing.

6.7. Final Decree

Once the estate has been fully administered, as provided in Rule 3022 of the Federal Rules of Bankruptcy Procedure, the Debtors, or such other party as the Bankruptcy Court shall designate in the Plan Confirmation Order, shall file a motion with the Bankruptcy Court to obtain a final decree to close the case. Alternatively, the Bankruptcy Court may enter such a final decree on its own motion.

ARTICLE 7 EVENTS OF DEFAULT

7.1. Events of Default

The occurrence of any of the following events shall constitute an event of default under the Plan ("Event of Default"):

- (a) The failure of the Debtors, after receipt of ten (10) business days written notice, to make any payment required to be made under the Plan, which failure, prior to the receipt of the ten (10) days written notice, shall have remained uncured for a period of thirty (30) days after the date such payment is required to be made, unless the time for such payment has been extended in accordance with the Plan.

ARTICLE 9 FREQUENTLY ASKED QUESTIONS

What Is the DEBTOR Attempting to Do in Chapter 11? Chapter 11 is the principal reorganization chapter of the Bankruptcy Code. Under Chapter 11, a debtor attempts to restructure the claims held against it. Formulation and confirmation of a plan of reorganization is the primary goal of Chapter 11. When reorganization is not feasible, however, a debtor may propose a liquidating plan under Chapter 11. The plan is the legal document which sets forth the manner and the means by which holders of claims against a debtor will be treated.

Why Am I Receiving This Plan? In order to confirm a plan of reorganization, the Bankruptcy Code requires that a debtor solicit acceptances of a proposed plan, which it is doing with this Plan. If the creditors are satisfied with the information provided in the Plan and the terms of the Plan as proposed, and have voted for the Plan and returned the requisite number of ballots to counsel for the Debtor, the Bankruptcy Court may confirm the Plan as proposed by the Debtor.

How Do I Determine Which Class I Am In? To determine the class of your claim or interest, you must first determine whether your claim is secured or unsecured. Your claim is secured if you have a validly perfected security interest in collateral owned by the Debtor. If you do not have any collateral, your claim is unsecured. The Table of Contents will direct you to the treatment provided to the class in which you are grouped. The pertinent section of the Plan dealing with that class will explain, among other things, who is in that class what is the size of the class, what you will receive if the Plan is confirmed, and when you will receive what the Plan has provided for you if the Plan is confirmed. Article 2 lists all classes of claimants and their types of claims.

Why Is Confirmation of a Plan of Reorganization Important? Confirmation of the Plan is necessary because if the Plan is confirmed, the Debtor and all of its creditors are bound by the terms of the Plan. If the Plan is not confirmed, the Debtor may not pay creditors as proposed in the Plan while the Debtor remains in bankruptcy.

What Is Necessary to Confirm a Plan of Reorganization? Confirmation of the Plan requires, among other things, the vote in favor of the Plan of two-thirds in total dollar amount and a majority in number of claims actually voting in each voting class. If the vote is insufficient, the Bankruptcy Court can still confirm the Plan, but only if certain additional elements are shown including that the plan does not discriminate unfairly, and is fair and equitable, with respect to each class of claims or interests that is impaired under, and has not accepted, the plan.

Am I Entitled to Vote on the Plan? Any creditor of the Debtor whose claim is IMPARIED under the Plan is entitled to vote, if either (i) the creditor's claim has been scheduled by the Debtor and such claim is not scheduled as disputed, contingent, or unliquidated, or (ii) the creditor has filed a proof of claim on or before the last date set by the Bankruptcy Court for such filings. Any claim to which an objection has been filed (and such objection is still pending) is not entitled to vote, unless the Bankruptcy Court temporarily allows the creditor to vote upon the creditor's motion. Such motion must be heard and determined by the Bankruptcy Court prior to the date established by the Bankruptcy Court to confirm the Plan.

How Do I Determine Whether I Am in an Impaired Class? Article 2 of the Plan identifies the classes of creditors whose claims are impaired. If your claim is impaired, your vote will be considered by the Bankruptcy Court.

When is the Deadline by Which I Need to Return My Ballot? The Plan distributed to all claim holders for their review, consideration and approval. The deadline by which ballots must be returned is December 10, 2024. Ballots should be mailed to the following address: Klestadt Winters Jureller Southard & Stevens, LLP, 200 West 41st Street, 17th Floor, New York, New York 10036, Attn: Tracy L. Klestadt & Andrew C. Brown.

How do I Determine When and How Much I Will be Paid? In Article 2, the Debtors have provided both written and financial summaries of what they anticipate each class of creditors will receive under the Plan.

5 Year Operating Projections **Quarterly Specific Operational Assumptions**

Second and Third Quarters

- An additional 12 Hour Day time unit will be added, increasing the vehicle needs to 4.
- The Budget number of transports per unit does not change.
- On a weekly basis, this averages out to 29.2 transports per day or 204 per week for 504 Operational Hours.

Fourth Quarter

- An additional 12-Hour Day time unit will be added, increasing the vehicle needs to 5.
- On a weekly basis, this averages out to 34.3 transports per day or 240 per week for over 588 Operational Hours.

Fifth Quarter

- An additional Nighttime unit will be added. An additional vehicle is not required as one of the daytime units will be converted to 24 hours a day.
- On a weekly basis, this averages out to 38.6 transports per day or 270 per week for over 672 Operational Hours.

Sixth and Seventh Quarters

- An additional Nighttime unit will be added. An additional vehicle is not required as one of the daytime units will be converted to 24 hours a day.
- On a weekly basis, this averages out to 42.9 transports per day or 300 per week for over 756 Operational Hours.

Eighth, Ninth, Tenth and Eleventh Quarters

- Two additional 12 Hour Day time units will be added, increasing the vehicle needs to 7.
- On a weekly basis, this averages out to 53.2 transports per day or 372 per week for over 924 Operational Hours.

Twelfth Quarter

• An additional 12 Hour Day time unit will be added, increasing the vehicle needs to 8. On a weekly basis, this averages out to 63.4 transports per day or 444 per week for over 1,092 Operational Hours.

Sixteenth Quarter

• An additional 12 Hour Day time unit will be added, increasing the vehicle needs to 9. On a weekly basis, this averages out to 63.4 transports per day or 444 per week for over 1,092 Operational Hours.

Overall Operational Assumptions

The plan gradually account for an increase from 3 to 9 vehicles over the period of 4 years. Likewise, the plan accounts for a weekly transport volume increase of 168 to 444 (276). The Unit Hourly Utilization remains consistent at 0.4 transports per hour / per unit.

Non-emergency transport volume, such as discharges is not factored into the projections as such calls can be utilized as additional filler days requiring less emergency transports. Such non-emergency transports have a lower blended payor rate but can be used as supplemental income to decrease down time.

The projections factor higher than averaged cost of goods sold (COGS). The fuel lines have been based on the gas prices seen in the past few years. The mechanical repair budget was also increased over past expectations to account for the aging vehicles and raising costs.

The volume and number of units being proposed in the projections is close to half of what has been run in the past. This allows for growth, while still accounting for the issues leading to these Chapter 11 Cases.
